

We apologize that the May Antler included a previous article from our Lecturing night. Due to the time sensitivity of the information we ask that you take a moment to read today. Thank You!

Kira Wagner

###

Dear Members,

The installation of your new officer corps is behind us and we are moving quickly into our roles.

We are taking our duties seriously and only want the best for the membership. This is a new year with renewed energy, however the forward momentum needs the energy from the membership as well.

Under the oath that each of us took upon our initiation, we understood that our participation was only for the greater good.

Under my station of Lecturing Knight; I find myself with some empty committee chair positions. If you have thought about what it is that you can do, here are some open opportunities: Americanism and the Dictionary Program. Every one of us has the ability to make a difference, and one of these just might be the opportunity you have been waiting for.

Your officers, your community and your fellow member need your participation. As you may or may not know, besides being your new Lecturing Knight, I am also still your ENF Chairperson. With that being said, I am making you aware that our next "FUN"raiser will be held May 31, 2014, which by the way is the week after Memorial Day weekend!

I am planning a Barn Dance, so giddy-up for a good old time. Pull your boot straps up, dust off your cowboy hat, fluff up your petticoats and get your yee-ha ready for a dosey-doe, boot scoot-in good time!

Bill Horst from Buckles and Bows in Ventura will be your Caller for the evening, guiding you through your Square and Line Dancing moves.

All of the details will follow and if you are hankering to get involved, now just might be the time.

Thank you for your support,

Donna Leary  
Lecturing Knight  
ENF Chairperson
